## Certificate in Adult Numeracy

Level 1

NEW

Are you returning to education after a long time? Were your GCSE Maths results not what you had hoped for? This course is for people who wish to improve their skills in mathematics whatever the reason and to prepare them for the GCSE.

There are 3 main components of the course:

- Number – working with whole numbers, fractions, decimals and percentages
- Common measures – money, time, length, weight, temperature, areas and volumes
- Handling data – collect, organise and represent data.

Progression from this qualification could be made to GCSE Mathematics.

### Examination

The final examination is an on-line 40 question multiple choice test taken at the end of the course covering all the course content.

### Entry requirements

No formal entry qualifications are required.
